

CLOSE THE GAP

I D A H O

Idaho is moving forward with a proposal to significantly change our health care system, NOW is the time to make your voice heard. **Join us in December for public testimony on the Idaho Health Care plan**, a proposal designed to lower health insurance costs and get more Idahoans covered. While the proposal would help narrow the coverage gap, it is not a full solution. The Idaho Health Care Plan is a step in the right direction that needs your input to be improved. Come prepared to comment on the plan, with policy suggestions that could improve it, and changes you would like to see made. **Don't miss your chance to help build our health care future.**
